Julia Foley presented a comparison (attached) of hiring a part time maintenance worker thru Manpower and also thru the CWEP worker. Cost of a worker thru Manpower is \$12.60 per hour with no other costs. Using CWEP (community service workers), when available would only cost us the extra Workman's Compensation cost.

The total cost for doing payroll "in house" is \$6596.40. The annual cost using ADP would be \$3738. Later it was found out that 3 was the minimum number to be on the board.
