

meeting

On Tuesday, March 27th at 5:00PM, there will be a special workshop meeting to discuss the implementation of Municipal Fees for the Town of Nutter Fort.

All residents are encouraged to attend, offer input and ideas.

Town streets and alleys are in deplorable conditions. At this meeting, we will evaluate rates for residential users of municipal services and business establishments which use municipal services within the town, for certain essential services including street lighting and street improvements. Street improvements shall mean new construction, reconstruction and resurfacing of all streets, roads and alleys, and the following associated work that goes with the above: concrete, curb installation (handicapped accessibility) asphalt, engineering and milling. The fee for such services shall be discussed for each single-family residence, per unit, and for each multiple-family dwelling or apartment house, per each residential unit or apartment, whether or not occupied, and for each business establishment.

Please plan to attend this meeting and offer suggestions to fund these much needed necessities.
